Independent Auditors' Report

We have audited the accompanying balance sheets of Regis Securities Corporation as of June 30, 2005 and 2004, and the related statements of income, changes in stockholder's equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Regis Securities Corporation as of June 30, 2005 and 2004, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements, taken as a whole. The information contained in Schedules I and II are presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2005 AND 2004

Note 1 - Summary of Significant Accounting Policies

A. <u>Organization</u>

Regis Securities Corporation (the Company) was organized on April 13, 1999. The Company has been operating as a broker-dealer registered with the Securities and Exchange Commission (SEC), the State of Ohio Securities Division, and is a member of the National Association of Securities Dealers (NASD).

The Company does not hold customer funds or safe-keep customer securities and clears all transactions on a fully disclosed basis through its clearing firm.

As of June 30, 2005, the Company is licensed in eighteen states, including California, Colorado, Connecticut, Florida, Georgia, Illinois, Indiana, Maine, Michigan, Minnesota, New Jersey, Ohio, Pennsylvania, Tennessee, Utah, Virginia, West Virginia, and Wisconsin. The Company maintains four branch offices outside of their main office.

B. <u>Management's Estimates</u>

Management estimates are required in the preparation of financial statements in conformity with generally accepted accounting principles.

C. <u>Cash</u>

The Company maintains cash balances at one bank and in one money market account. The cash balance in the bank was under the federally insured limit of \$100,000 as of June 30, 2005. For purposes of the statement of cash flows, the Company considers all cash in checking accounts, money market accounts and petty cash to be cash equivalents.

D. <u>Depreciation</u>

For financial reporting purposes, depreciation is provided on the straight-line method over the estimated useful lives of the assets, which range from 3 to 10 years.

E. Concentration of Credit Risk

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist principally of cash and commissions receivable. The Company places its cash with high credit quality financial institutions, which at times may be in excess of FDIC insurance limits. The Company's receivables represent commissions from completed securities trades. All customer transactions are cleared through another broker-dealer on a fully disclosed basis.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2005 AND 2004

Note 1 - Summary of Significant Accounting Policies - (Continued)

F. Advertising Costs

Advertising costs are expensed when incurred. Advertising costs for fiscal 2005 and 2004 are \$3,059 and \$9,185, respectively.

G. Income Taxes

The provision for income taxes is based on pretax earnings reported on the financial statements, adjusted for transactions that will never enter into the computation of income taxes payable. The tax effects related to differences in the time certain income and expenses are recognized for financial reporting purposes and the time they are recognized for income tax reporting purposes are reflected in the balance sheet as deferred income taxes.

Note 2 - Reserve Requirements

The Company is not obligated to report under SEC Rule 15c3-3 since it does not maintain customer accounts or hold securities. All customer transactions are cleared through another broker-dealer on a fully disclosed basis. Therefore, the Company does not have a reserve requirement nor does it have any information relating to the possession or control requirement under Rule 15c3-3.

Note 3 - Net Capital Requirements (Schedules I and II)

Under SEC Rule 15c3-1, the Company is required to maintain net capital of not less than \$50,000 for the year ended June 30, 2005. At June 30, 2005 the Company's net capital as defined by SEC Rule 15c3-1 was \$71,263 in excess of the minimum net capital required.

Note 4 - Related Party Transactions

The President leases office space on behalf of the Company. The Company pays the lease and it is recorded as rent expense on a monthly basis. There is no rental agreement between the Company and the President. Rent expense was \$20,266 and \$17,111 in 2005 and 2004, respectively.

Note 5 - Property and Equipment

A summary of property and equipment, recorded at cost, follows:

	<u> 2005</u>	2004
Furniture and fixtures	\$ 8,027	\$ 8,027
Office equipment	<u>12,386</u>	12,386
Total property and equipment	20,413	20,413
Accumulated depreciation	<u>(14,979</u>)	(13,917)
Property and equipment, net	\$ <u> 5,434</u>	\$ <u>6,496</u>

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2005 AND 2004

Note 6 - Income Taxes

The components of income tax expense (benefit) are as follows:

Net deferred tax assets

Deferred tax liabilities

Net deferred tax assets

	2005	2004
Current Federal State & local	\$ -	\$ - 1,000 1,000
Deferred	(10,000)	(21,000)
Total	\$ <u>(10,000</u>)	\$ <u>(20,000)</u>
Income tax expense (benefit) differs from the Federal statutory rat	e for the follo	wing reasons:
	2005	2004
Income tax expense (benefit) at Federal statutory rate Increase (reduction) in tax resulting from: Effect of net operating loss carryforward Other	\$ (9,923)	\$ 16,264 (37,250) 986
	\$ <u>(10,000)</u>	\$ <u>(20,000</u>)
Deferred income taxes recorded in the balance sheet consist of th	e following:	
	2005	2004
Net operating loss carryforward	\$ 83,000	\$ 73,000

The Company has approximately \$245,000 of net operating loss carryforwards, which begin to expire in 2020 if not previously utilized.

83,000

\$ 83,000

73,000

73,000

During the year ended, June 30, 2001, the Company realized a loss of \$21,384 on the sale of its investment in corporate stocks. Federal income tax rules only allow those losses to offset capital gains. The Company has not recognized any deferred tax benefit for those losses. The tax benefit of approximately \$4,000 can be carried forward 5 years and expires in 2006.

Board of Directors Regis Securities Corporation

In planning and performing our audit of the financial statements of Regis Securities Corporation for the year ended June 30, 2005, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by the Company that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of rule 15c3-3. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13 or in complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at June 30, 2005, to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the New York Stock Exchange and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Act of 1934 and should not be used for any other purpose.
